**Post Copy:** The cat's out of the bag: Trocaire has a new Veterinary Technician program! Turn your passion for animals into a new career. We offers individualized instruction from experienced educators as well as clinical externships at local animal facilities. You'll graduate with the building blocks needed for a career packed with potential. Please note: Trocaire College is awaiting final approval for the licensure-qualifying Veterinary Technology Program from the New York State Department of Education which is anticipated in July of 2024.

**Post Copy:** Veterinary Technician: a career worth barking about! The demand for Vet Techs is expected to grow by 21% over the next 10 years. And here in WNY, the demand is even greater. If you love animals, discover why Trocaire's new Veterinary Technician program is the right fit for you. Please note: Trocaire College is awaiting final approval for the licensure-qualifying Veterinary Technology Program from the New York State Department of Education which is anticipated in July of 2024.
